

Confined Space Rescue Systems

Fall Arrest Device Specifications

FrenchCreek manufactures top quality rescue equipment, complete rescue systems and accessories to aid in rescue or recovery, all of which meet or exceed the OSHA requirements for confined space rescue!

R50 Series, 3-way Unit

The R50 Series Unit is a self-retracting lifeline, capable of raising and lowering, for rescue or retrieval. If a worker slips or falls, the unit locks up, arresting the fall. The system can then be activated into winch mode, raising or lowering the worker to safety. The R50 also has a friction brake that prevents the crank handle from free-wheeling while under a load. The unit is manufactured of a rugged, lightweight cast aluminum housing and includes a #45 split pulley and carabiner for attaching the lifeline to an anchor such as a tripod.

R50G – 50' galvanized wire rope

R50SS – 50' stainless steel wire rope

R50T – 50' Technora® synthetic rope

MW Series

The MW Series winches offer raising and lowering capabilities with a friction brake that prevents the unit from free-wheeling when under a load. Manufactured of a rugged steel frame and drum, the unit includes a #45 pulley and a carabiner for attaching the line to an anchor such as a tripod.

Order the MW unit by choosing the preferred length and type of line:

MW50G – 50' galvanized wire rope

MW50SS – 50' stainless steel wire rope

MW50T – 50' Technora® synthetic rope

MW100G – 100' galvanized wire rope

MW100SS – 100' stainless steel wire rope

MW100T – 100' Technora® synthetic rope

TP7 Series Tripods

FCP confined space tripods are designed to withstand 5000 lbs. of vertical load, yet are lightweight and portable, offering single person setup that is quick and easy. TP Series tripods feature adjustable/locking aluminum legs, safety chain, non-slip rubber safety shoes and two attachment points on the steel head.

TP7 – 7' aluminum tripod, 2 attachment points on head

TP9 – 9' aluminum tripod, 2 attachment points on head

Tripod Systems

S50G-7 – TP7 tripod, R50G rescue unit

S50SS-7 – TP7 tripod, R50SS rescue unit

R50G-TP7 – TP7 tripod, R50G rescue unit, 204 bag

R50SS-TP7 – TP7 tripod, R50SS rescue unit, 204 bag

S50G-M7 – TP7 tripod, R50G rescue unit, MW50G work winch

S50SS-M7 – TP7 tripod, R50SS rescue unit, MW50G work winch

Accessories

45 – Split pulley, as shown

354-2 – Carabiner, 1" gate

204 – Hard bottom winch carry bag
